

## Charade 7/11/2009

### Black Tie Affair (Charade's Dam)

7/22/2001

ARI #831731

True Black/Mahogany

dam: Peruvian Amy W803

ARI # 118048

sire: Jas. Huston

ARI # 804360

This stunning female's commanding presence, beautiful conformation and soft fleece make her a pleasure to have on our farm. Tie never fails to impress us with her offspring. She has presented us with four, multi-blue ribbon and Champion females and an absolutely gorgeous male. And we can't part with any of them!!!!

### Lazy's Phoenix (Charade's Sire)

**Birthdate:** 8/13/2004

**Heritage:** 1/4 Bolivian, 1/4 Chilean, 1/2 Peruvian

**ARI #:** 1444698

**Color:** Light Fawn

**Micron Count**

2005: Micron 14.9

SD 3.1

Variance 20.8%

Dark Brown, 140681, Bolivian & Chilean

Our number one producing female. Nothing could get us to part with this dam! Just superior results with every genetic combination. Consistently dense, crimp, color.

 **Peruvian Best Ala' Best**

White, 1444698, Peruvian

No longer available deceased in 2005. A devastating loss of Caligula genetics

This gorgeous fawn male not only looks good, but he feels even better! This Caligula grandson and full brother to our own Chaos, has us very excited and anxious for another birthing season. His first cria are on the ground and are already showing color and high-quality fiber characteristics. He has large bone structure, and the most consistent crimp and color you'll see. Then, when you part his dense fiber, it splits to his solid fawn skin and shines like a new penny. Check out his latest shows...he's improving with age. Phoenix may be our best herdsire yet! Just an amazing well-rounded alpaca. He is aesthetically pleasing, genetically superior, and easy to handle.
